

TESTS : OBJECTIVES AND SCHEDULE

Objectives

- Check reliability
- Improve drivability and performance with adjustments :
 - Suspension kinematic
 - Suspension settings
 - Tire pressure
 - Engine maps
 - Transmission ratio
 - Limited slip differential
 - Launch and traction control
 - Shiftcut and anti-dribble

Test schedule

- Static tests on engine and drivetrain
- Low speed
- Brake
- High speed
- Endurance
- Adjustments

→ **Redaction of a test schedule with complete procedure**
